Pharmacy student receives national internship

Desola Kalejaiye, a second year student at the University of Georgia College of Pharmacy, has been awarded an Academy of Managed Care Pharmacy/Foundation of Managed Care Pharmacy/Pfizer Inc Summer Internship, as one of only six internships awarded to students across the nation.

She will be participating in a rotation at PerformRx in Philadelphia, Penn., for 10 weeks, working with a pharmacist preceptor on a research project. In addition she will spend a week in Alexandria, Virginia, at the AMCP/FMCP offices learning about the inner workings of the organization and career options available to a managed care pharmacist.

Kalejaiye will present the results of her internship project in the Intern Best Project Competition at the AMCP Educational Conference in October 2012 in Cincinnati, Ohio.
