Halder Receives STAR Award for Second Quarter 2015

Sonja Halder, a senior accountant with the Office of Business Affairs at the University of Georgia College of Pharmacy, has been named recipient of the College's STAR award for the second quarter of 2015.

"Recently when the college underwent a change in personnel with the retirement of our grants coordinator, Sonja went above and beyond her regular responsibilities to take on additional job duties during the transition. She had a very positive can-do attitude," read her nomination form. "She has demonstrated great teamwork and is dedicated to getting the job done and providing good customer service to the College."

Halder's regular job duties provide post-award support for approximately 150 restricted accounts. She monitors accounts closely and provides solutions to complex problems.

Halder has served the College for nearly three years.

Initiated in 2012, the STAR award is presented each quarter to recognize staff members who have demonstrated STAR qualities – service, teamwork, attitude and reliability – in the performance of their duties. Recipients must be permanent employees who have worked at the College for at least one year; they may only receive the STAR award once each year.
